### CERTIFICATE FROM INDEPENDENT CHARTERED ACCOUNTANT

Report in connection with operational/financial numbers i.e. certificate covering the circle - ups.

Date: November 23, 2024

To,

The Board of Directors
NTPC Green Energy Limited
NTPC Bhawan, Core -7,
SCOPE Complex 7 Institutional Area,
Lodhi Road, New Delhi,
Delhi, India, 110003

Sub: Initial public offering of equity shares of face value of ₹ 10 each (the "Equity Shares") of NTPC Green Energy Limited (the "Company" and such offer, the "Issue")

Dear Sir/Madam,

We, PVAR & Associates, independent chartered accountants, have been informed that the Company proposes to file the Prospectus (the "Prospectus") with respect to the Issue, with the Registrar of Companies, Delhi and Haryana at New Delhi ("RoC") and subsequently with the Securities and Exchange Board of India ("SEBI"), BSE Limited and National Stock Exchange of India Limited (collectively, the "Stock Exchanges") in accordance with the provisions of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018, as amended ("SEBI ICDR Regulations") and applicable laws, and any other documents or materials to be issued in relation to the Issue (collectively with the Prospectus, the "Issue Documents").

We further consent to be named as an "expert" as defined under Section 2(38) of the Companies Act read with Section 26 of the Companies Act, as an independent chartered accountant in the Issue Documents in respect of the certificate issued by us. We confirm that the information in this certificate is true and correct and there is no untrue statement or omission which would render the contents of this certificate misleading in its form or context.

We are not and have not been engaged or interested in the formation or promotion or management of the Company and are in compliance with section 26(5) of the Companies Act, 2013.

We confirm that this consent shall be valid for all the periods before delivery of a copy of the Prospectus with the SEBI, the RoC and the Stock Exchanges.

We confirm that the information in this certificate is true, fair, correct, accurate, not misleading and without omission of any matter that is likely to mislead.

We, at the request of the Company, have performed the procedures agreed with you and enumerated below with respect to certain financial and operational business metrics of the Company and its subsidiaries/joint venture, (collectively the "Company Entities") as on respective dates and for the respective period mentioned there against, set forth in the accompanying annexures. Our engagement was undertaken in accordance with the Standard on Related Services (SRS) 4400, "Engagements to Perform Agreed-upon Procedures regarding Financial Information", issued by the Institute of Chartered Accountants of India. SRS 4400 is generally applied.

Delhi H.O.: WZ-248, Plot No.-7, Inderpuri, New Delhi - 110 012 Delhi B.O.: 201, V 4, Mayur Plaza DDA LSC, Mayur Vihar, Phase-1, Delhi - 110 091 Jaipur B.O.: Bansal Chambers, B-66, Shopping Center, Behind Dena Bank, Amba Bari, Jaipur - 302039 Assam B.O.: Sundari Complex, G. F. Road, Benganakhowa, Golaghat (Assam) - 785 621

to perform agreed upon procedures regarding financial information; however, this standard can also be used as a guide to perform agreed upon procedures regarding non-financial information.

The procedures were performed solely to assist you in evaluating business metrics of the Company and the same have been enumerated in **Annexure B**. Our engagement on the agreed upon procedures has been performed in accordance with our engagement with the company.

Further, we have also read and verified the items/ statements identified/ circled/ highlighted by the Company on the attached copy of the selected pages of the Prospectus included in **Annexure C** and have performed the procedures specified hereunder.

To evaluate the accuracy, validity and completeness of business metrics we have reviewed the documents listed in **Annexure A** and performed the procedures enumerated in **Annexure B** with respect to the business metrics of the Company for the periods mentioned therein.

The procedures were performed to assist in evaluating the business metrics of the Company and accordingly, the procedures undertaken with respect to the aforesaid are summarized below:

- (i) MIS prepared by the Company and other relevant documents;
- (ii) verified the arithmetic accuracy or computation of the percentages or amounts;

On the basis of the procedures set forth in this certificate and in **Annexure B** nothing came to our attention that caused us to believe the business metrics were not accurate, valid and complete.

We further confirm that we are an independent entity with no direct or indirect interest in the Company except for provision of professional services in the ordinary course of our profession.

We further confirm that we are not, and have not been, engaged or interested in the formation or promotion of the management of the Company. We further confirm that we satisfy the independence criteria, under applicable law, including the Companies Act, 2013, as amended and the relevant regulations/circulars issued by the ICAI.

Based on the documentary evidence, the procedures followed as mentioned in the preceding paragraphs and the information, explanations and representation given to us by the Company we confirm that the information in this certificate is true and correct and does not contain any information which would render the contents of this certificate misleading in its form or context.

We conducted our examination for this certificate in accordance with the "Guidance Note on Reports or Certificates for Special Purposes (Revised 2016)" (the "Guidance Note") issued by the ICAI. The Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI. We hereby confirm that while providing this certificate we have complied with the Code of Ethics and the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements, issued by the ICAI.

This certificate may be relied upon by the Company, the Book Running Lead Managers, and the legal counsel appointed by the Company and the Book Running Lead Managers in relation to the Issue and to assist the BRLMs in conducting and documenting their investigation of the affairs of the Company in connection with the Issue. We hereby consent to extracts of, or reference to, this certificate being used in the Issue Documents. We also consent to the submission of this certificate as may be necessary to any regulatory authority and/or for the records to be maintained by the Book Running Lead Managers in connection with the Issue and in accordance with applicable law.

We undertake to update you in writing of any changes in the abovementioned position, immediately as and when: (i) made available to us by the Company; or (ii) we become aware of any such changes until the date the Equity Shares issued pursuant to the Issue commence trading on the Stock Exchanges. In the absence of any

communication from us till the Equity Shares commence trading on the Stock Exchanges, you may assume that there is no change in respect of the matters covered in this letter and accordingly such information should be considered to be true and correct.

Yours faithfully

For PVAR & Associates

1.	Items/ statements identified/circled/ highlighted by the Company on the attached copy of the selected pages of the Prospectus as Annexure C	Relevant records, correspondence with central and state governments and agencies, documents, records maintained by the Company, information and explanations presented to us.  MIS prepared by the Company and other relevant documents	Verification of documents, records maintained by the Company.

### Annexure C

### Attachment

Unless the context otherwise indicates, any percentage amounts, as set forth in "Risk Factors", "Our Business" and "Management's Discussion and Analysis of Financial Condition and Results of Operations" beginning on pages 31, 195 and 431, respectively, and elsewhere in this Prospectus have been calculated on the basis of amounts derived from our Restated Consolidated Financial Information and Special Purpose Carved-Out Combined Financial Statements.

#### Non-GAAP Measures

Certain non-GAAP financial measures relating to our financial performance have been included in this Prospectus are a supplemental measure of our performance and liquidity that are not required by, or presented in accordance with, Ind AS, Indian GAAP, or IFRS. Further, these Non-GAAP Measures are not a measurement of our financial performance or fiquidity under Ind AS, Indian GAAP, or IFRS and should not be considered in isolation or construed as an alternative to eash flows, profit / (loss) for the year / period or any other measure of financial performance or as an indicator of our operating performance, liquidity, profitability or cash flows generated by operating, investing or financing activities derived in accordance with Ind AS, Indian GAAP, or IFRS. In addition, these Non-GAAP Measures are not a standardised term and, therefore, a direct comparison of similarly titled Non-GAAP Measures between companies may not be possible. Other companies may calculate the Non-GAAP Measures differently from us, limiting their usefulness as a comparative measure. Although the Non-GAAP Measures are not a measure of performance calculated in accordance with applicable accounting standards, our Company's management believes that they are useful to an investor in evaluating us because these are widely used measures to evaluate a company's operating performance. See "Risk Factors - We have in this Prospectus included certain Non-GAAP Measures that may vary from any standard methodology that is applicable across the Indian renewable energy industry and may not be comparable with financial information of similar nomenclature computed and presented by other companies" on page 84.

### Currency and Units of Presentation

All references to:

- \* "Rupecs" or "₹" or "INR" or "Rs." are to Indian Rupec, the official currency of the Republic of India; and
- "USD" or "USS" or "S" or "U.S. Dollar" are to United States Dollar, the official currency of the United States of America.

Our Company has presented certain numerical information in this Prospectus in "million" units or in whole numbers where the numbers have been too small to represent in such units. One million represents 1,000,000,000 and one trillion represents 1,000,000,000,000. One lakh represents 100,000 and one crore represents 10,000,000.

Figures sourced from third-party industry sources may be expressed in denominations other than millions or may be rounded off to other than two decimal points in the respective sources, and such figures have been expressed in this Prospectus in such denominations or rounded-off to such number of decimal points as provided in such respective sources.

#### **Exchange Rates**

This Prospectus contains conversion of certain other currency amounts into Indian Rupees that have been presented solely to comply with the SEBI ICDR Regulations. These conversions should not be construed as a representation that these currency amounts could have been, or can be converted into Indian Rupees, at any particular rate or at all.

The following table sets forth, for the periods indicated, information with respect to the exchange rate between the Rupee and other currencies:

To the extent quantifiable.

As on the date of this Prospectus, there is no outstanding litigation involving our Group Companies which may have a material impact on our Company.

For further details, see "Outstanding Liftgation and Other Material Developments" on page 521.

#### Risk factors

Investors were advised to carefully read "Risk Factors" on page 31.

#### Summary of contingent liabilities

The following is a summary of our contingent liabilities as per Ind AS 37 as on September 30, 2024, as indicated in our Restated Consolidated Financial Information:

In two cases, Central Transmission Utility has filed petitions with CERC for determination of transmission charges from the date of commissioning of transmission assets (DOCO) till March 31, 2024 and final order is awaited in both the petitions. We are one of the beneficiaries in these petitions. The amount of contingent liability in this regard is not ascertainable at this stage and in the opinion of our management, the same will not be material.

For further details, please see "Restated Consolidated Financial Information -Note 51. Contingent liabilities, contingent assets and commitments" on page 356.

#### Summary of related party transactions

A summary of the related party transactions entered into by our Company as per Ind AS 24, derived from the Restated Consolidated Financial Information and the Special Purpose Carved-Out Combined Financial Statements is detailed below:

# full or in part, of certain outstanding borrowings availed by our wholly owned Subsidiary, NTPC Renewable Energy Limited.

We intend to utilise a portion of our Net Proceeds aggregating to ₹ 75,000.00 million in the form of investment in equity or debt or a combination of both or in any other manner as may be decided by our Board, in accordance with Applicable Law, after considering certain commercial and financial factors, for repayment and/or prepayment, in full or part, of certain borrowings availed by our wholly owned Subsidiary NTPC Renewable Energy Limited (NREL) from banks and financial institutions.

NREL. has entered into various borrowing arrangements, including borrowings in the form of terms loans and various fund based and non-fund based working capital facilities. The actual mode of such deployment will be finalised at the time of investment. As on September 30, 2024, NREL had outstanding borrowings (fund based) of ₹92,046.86 million on a consolidated basis. NREL is engaged the business of building and operating renewable energy projects and its major source of revenue is renewable energy projects. For further information on NREL and select financial information, see "History and Certain Corporate Matters" on page 243.

The details of the borrowings availed by availed by NREL along with purpose for which such borrowing is availed/used, which are currently proposed to be fully or partially repaid or prepaid (earlier or scheduled) from the Net Proceeds are set forth in "Objects of the Issue- Details of the Objects of the Net Proceeds" on page 125.

For further information, See "Object of the Issue" on page 124.

We are dependent on our relationship with our Corporate Promoter, NTPC Limited, and any adverse
developments in such relationship may adversely affect our business and reputation.

Currently, our Corporate Promoter, NTPC Limited, owns an aggregate of 100% of our issued, subscribed and paid-up Equity Share capital. Following the completion of the Issue, our Corporate Promoter will continue to hold [•] of our post-Issue Equity Share capital. We are benefiting relationship with our Corporate Promoter.

The "NTPC" trademark, name and logo do not belong to us, which is registered in the name of our Corporate Promoter with the trademark registry. Although we have consent to use their name, we do not have a formal agreement with, or pay, our Corporate Promoter for the use of the "NTPC" trademark, name or logo, and there is no assurance that we will continue to be able to use the "NTPC" trademark, name or logo in connection with our business, which in turn may result in us being unable to capitalize on the brand recognition associated with the NTPC" trademark. For more information, see "- We do not own the "NTPC" trademark, name or logo, and our logo and name have not been registered as trademarks. Accordingly, our ability to use our name or logo may be impaired. We also rely on a combination of trade secret and contractual restrictions to protect our intellectual property. If we are unable to protect our intellectual property rights, our business, results of operations and financial condition may be adversely affected. As part of our operations, we might infringe upon the intellectual property rights of others and any misappropriation of our intellectual property could harm our competitive position." on page 73.

Our borrowing facility between Japan Bank for International Cooperation and NREL is supported by a guarantee by our Corporate Promoter. This facility may need to be refinanced if such guarantee was withdrawn for any reason. For more information, "-One of our borrowing facilities is supported by a guarantee by our Promoter and may need to be refinanced if such guarantee was withdrawn for any reason," on page 76.

Except for our Executive Directors, all Key Managerial Personnel, Senior Management Personnel and all of our employees are on secondment from NTPC Limited. There is no secondment agreement between the Company and NTPC Limited. The secondments are pursuant to office orders and the terms of which may be altered at any time.

Our Corporate Office has been taken on lease from our Corporate Promoter vide lease agreement dated April 8, 2024. Over 2,809,26 acres of land at Barethi, Madhya Pradesh has been leased to us by our Corporate Promoter for a period of 29 years commencing from August 31, 2023

Particulars.	Six months period ended September 30, 2024	Fiscal 2024	Fiscal 2023 <sup>(2)</sup>	Fiscal 2022
Capacity of bids auctioned (in MW) <sup>(1)</sup>		49,000	12,000	18.000
Capacity of bids participated in (in MW).	6,350	21,325	5,250	19,735
Quoted Capacity (in MW)	1.770	8,900	in de la composition de la com	8,000
Capacity for which our bids/tenders won (in MW)		3,455	1,190	3,265
Percentage of bids won against capacity of total bids quoted (Bid Success Ratio)	22.60%	38.82%	52,77%	53.61%

Solor and wind projects auctioned by central and state governments in the period. (Source: CRISIL Report, November 2024)
Our Company was incorporated in April 7, 2022, and, in Fiscal 2023, we had only 31 days of operation from February 28, 2023 after assets were transferred from STFC Limited to our Company. Bills tenders made in Fiscal 2023 and Fiscal 2022 were made by the NTPC Group.

In addition, the government conducted tender processes may be subject to change in qualification criteria, unexpected delays and uncertainties. There can be no assurance that the projects for which we bid will be tendered within a reasonable time, or at all. In the event that new projects which have been announced and which we plan to bid for are not put up for tender within the announced timeframe, or qualification criteria are modified such that we are unable to qualify, our business, prospects, financial condition, cash flows and results of operations could be materially and adversely affected.

The bidding processes are also affected by factors which may be beyond our control, such as market conditions or government incentive programs. If we misjudge our competitiveness when submitting our bids or if we fail to lower our costs to submit competitive bids, we may not acquire the rights on new renewable energy projects. Also, our competitors may also have a competitive advantage or a greater willingness or ability to win the bids with little or no operating margins for sustained periods of time which may affect our project pipeline for growth. Furthermore, we make assumptions with respect to prices for system components and raw materials, and if prices for system components and raw materials, are greater than our assumed prices, our project economics may be adversely affected and the project for which we won through bidding may not remain economically viable.

18. Our Corporate Promoter, NTPC Limited has, in the five years preceding the date of this Prospectus, faced regulatory actions by regulators and had certain fines levied on it. Any further non-compliance by our Corporate Promoter of the SEBI Listing Regulations or any other regulations applicable to it in the future, may adversely affect our business, results of operations and prospects.

Our Corporate Promoter, NTPC Limited ("NTPC"), a listed company, is subject to regulatory oversight from SEBI and the Stock Exchanges and is consequently required to comply with various applicable rules and regulations in terms of its listed equity shares, including the SEBI Listing Regulations, which requires it to inter alia adhere to certain corporate governance norms on board composition, disclose its quarterly financial results, subject to a limited review, within a stipulated period from the end of the quarter, etc.

Due to certain instances of non-compliance, our Corporate Promoter has, in the five years preceding the date of this Prospectus, faced regulatory actions by regulators and had certain fines levied on it, the details of which are set out below:

[I. Since QI 2020, NTPC has received notices from NSE & BSE imposing fine amounting to ₹10.32 million (including GST) each respectively, in respect of non-compliance of Regulations 17, 18, 19, 20 and 21 of SEBI Listing Regulations due to non-availability of adequate numbers of independent directors on the Board of the Company. As directors of NTPC are appointed by the Government of India, NTPC has requested stock exchanges to waive the fine. BSE had waived the fine of ₹ 0.54 million of Q1 2020 imposed due to non-compliance of Regulation 17 of SEBI Listing Regulations. In addition to above, NSE & BSE had imposed

- potentially affecting our credit rating;
- potentially increasing the cost of any additional financing; and
- limiting the ability of our project operating subsidiaries to pay dividends to us for working capital or return on our investment.

Any of these factors and other consequences that may result from our substantial indebtedness could adversely affect our business, results of operations, financial condition and cash flows impacting our ability to meet our payment obligations under our debt. Our ability to meet our payment obligations under our outstanding debt depends on our ability to generate adequate cash flow in the future. This, to some extent, is subject to general economic, financial, competitive, legislative and regulatory factors as well as other factors that are beyond our control.

We are affected by volatility in interest rates in our borrowings. Interest rates are highly sensitive to many factors beyond our control, including the monetary policies of the RBI and other central banks, deregulation of the financial sector in India, domestic and international economic and political conditions and other factors. Furthermore, the rise in inflation and consequent fluctuation in interest rates, reporates (the rates at which the RBI lends to commercial banks) may also be important factors affecting interest rates. A significant increase in interest expense could adversely affect our business, results of operations, financial condition and cash flows impacting our ability to meet our payment obligations under our debt.

23. All our employees are on secondment from our parent company, NTPC Limited, the terms of which may be altered at any time. We may be subject to industrial unrest and increased employee costs, which may adversely affect our business and results of operations.

As of September 30, 2024, our workforce comprised 232 pmployees, and we utilised the services of 45 contract labourers. Except for our Executive Directors, all Key Managerial Personnel, Senior Management and all our employees are on secondment from our parent company, NTPC Limited., There is no secondment agreement between the Company and NTPC Limited. The secondments are pursuant to office orders and the terms of which may be altered at any time.

Pay allowances, perquisites and other benefits of the employees are governed by the terms and conditions as per the policy of NTPC Limited. Our employee benefits expense comprise payments made to all the personnel on our payroll and engaged in our operations (apart from contract labour). However, the remuneration to seconded employees is paid by our Company. The following tables set forth our employee benefit expenses in the periods indicated.

	Restated Consolidated Financial Information	Special Purpose Carved-Out Combine Financial Statements (2)		
Particulars	Fiscal 2024 Fiscal 2023		Fiscal 2022	
	7 million   As a % of expenses	Emillion As a % of expenses	Cmillion As a % of expenses

	Restate	d Consolidated	inancial Inform	ation (i)
Particulars	Six mouths period ended September 30, 2024		Six months period ended September 30, 2023	
	₹ million	As a % of expenses	Cuillion	As a % of expenses
Employee benefit expenses net off expenditive during construction	306.60	3.46%	159.16	2.15%

Based on Restated Consolidated Financial Information for the six months periods ended September 30, 2024 and 2023 and for Fiscal 2024, See "Restated Consolidated Financial Information" on page 282. For our Restated Consolidated Financial information for Fiscal 2023, see "Summary Financial Information" on page 96 and "Restated Consolidated Financial Information" on page 282.

The aforesaid strategies are subject to certain risks and uncertainties. Our inability to successfully implement some or all our business strategies in a timely manner or at all could have an adverse effect on our business. Further, our failure to manage growth effectively may adversely impact our business, results of operations and financial condition.

Our strategies may not succeed due to various factors, many of which are beyond our control, including our inability to reduce our debt and our operating costs, our failure to develop new renewable energy sources and systems with sufficient growth potential as per the changing market preferences and trends, our failure to execute agreements with our suppliers and technology and strategic partners, to execute agreements with offtakers, our failure to sufficiently upgrade our infrastructure equipment and technology as required to cater to the requirement of changing demand and market preferences, our failure to maintain highest quality engineering and consistency in our operations or to ensure scaling of our operations to correspond with our strategies and customer demand, changes in laws and regulations in India, our inability to respond to regular competition, and other operational and management difficulties.

43. We are dependent upon the experience and skill of our Key Managerial Personnel and Senior Management. Except for our Executive Directors, all Key Managerial Personnel and Senior Management of our Company are on secondment basis from NTPC Limited. If we are unable to attract or retain such qualified personnel, this could adversely affect our business, results of operations and financial condition.

We are dependent on our Key Managerial Personnel and Senior Management for setting our strategic business direction and managing our business. Except for our Executive Directors, all Key Managerial Personnel and Senior Management of our Company are on secondment basis from NTPC Limited. Our ability to meet continued success and future business challenges depends on our ability and NTPC Limited's ability to attract, recruit and retain experienced, talented and skilled professionals. Without enough skilled employees, our engineering, execution, operations and maintenance quality could suffer. Competition for qualified technical personnel and other professionals with established customer relationships is intense, both in retaining our existing employees and when replacing or finding additional suitable employees. The following table sets forth our attrition in the periods indicated.

Particulars Six months p September		scal 2024 Fi	stal 2023 <sup>(1)</sup>
Attrition Rate	4.74%	<u>2.56% j</u>	5.33%

(1) Our Company was incorporated on April 7, 2022

The loss of the services of all our Key Managerial Personnel and Senior Management, or our inability to recruit or train enough experienced personnel or our inability to manage the attrition levels in different employee categories may have an adverse effect on our financial results and business prospects. Further, if we or NTPC Limited cannot hire additional qualified personnel or retain them, our ability to expand our business may be impacted. As we intend to continue to expand our operations and develop new renewable energy projects, we will need to continue to attract and retain experienced management, engineering, technical and administrative personnel.

The following tables set forth our employee benefit expenses in the periods indicated.

See "Restated Consolidated Financial Information" on page 282. For our Restated Consolidated Financial information for Fiscal 2023, see "Suspensy Financial Information" on page 96 and "Restated Consolidated Financial Information" on page 282.

(2) Based on Special Purpose Carved-Out Combined Financial Statements for Fixed 2023 and Fixed 2022, which metades the carved-out business in respect of RE Assets (part of the statististion) financial statements of NTPC Limited until February 28, 2023) which has been combined with the standations financial statements of NREL for the year ended March 31, 2022 and our consolidated financial statements for the year ended March 31, 2023. This curved-out financial information under the leadership of our current management and board. See "Special Purpose Carved-Out Combined Financial Statements" on page 365. See also "Risk Factors — Our Special Purpose Carved-Out Combined Financial Statement Operating Data may not be representative of our resolts as an indepension company" on page 38.

(3) As one employees are on secondment from NTPC Limited, per allowances, perquisites and other benefits of the employees are governed by the terms and conditions as per the policy of NTPC Limited.

There can be no assurance that our competitors will not offer better compensation packages, incentives and other perquisites to such skilled personnel. If we are not able to attract and retain talented employees as required for conducting our business, or if we experience high attrition levels which are largely out of our control, or if we are unable to motivate and retain existing employees, our business, results of operations and financial condition may be adversely affected. For further information, see "Our Management" on page 252.

44. Our Promoters and certain of our Directors may have interests in the Company other than reimbursement of expenses incurred or normal remuneration or benefits. Further, we have also acquired certain properties and land from our Corporate Promoter since our incorporation.

Certain of our Directors, Key Managerial Personnel and Senior Management are interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding, direct and indirect and benefits arising therefrom. Further, our Promoters may also be deemed to be interested in arrangements entered into by our Company with entities in which they or their relatives hold directorships or partnership interests. Furthermore, we have also acquired certain properties and land from our Corporate Promoter, the details of which are set forth as follows:

- Our Corporate Office has been taken on lease from our Corporate Promoter vide lease agreement dated April 8, 2024; and
- Over[2,809.26 acres] of land at Barethi, Madhya Pradesh has been leased to us by our Corporate Promoter for a period of 29 years commencing from August 31, 2023

Additionally, our Company entered into a business transfer agreement dated July 8, 2022 with our Company for the transfer of fifteen Renewable Energy (RE) assets of the Company. However, since the approval for assignment / novation of the land pertaining to Rojmal project and Jetsar project, included in the above transferred RE assets, haven't yet been consented by the respective lessors, they have been retained in the books of our Corporate Promoter. Our Company, has accordingly entered into a right-of-use (ROU) agreement with our Corporate Promoter for the use of land pertaining to these projects, pending transfer of the lease-hold rights.

Further, the freehold land pertaining to the Billiaur Solar Project was specifically excluded per the terms of the BTA and has accordingly been leased to our Company by our Corporate Promoter.

For further information, see "Our Promoters and Promoter Group - Interests of our Promoters", "Our Management - Interest of Directors" and "Our Management - Interests of Key Managerial Personnel and Seniar Management" on pages 277, 257 and 272, respectively.

45. We have issued Equity Shares during the preceding 12 months from the date of this Prospectus at a price which may not be indicative of the Issue Price.

For further information, see "Outstanding Litigation and Other Material Developments" on page 521.

We cannot assure you that any of the outstanding litigation matters will be settled in our favour, or that no (additional) liability will arise out of these proceedings. We are in the process of litigating these matters. Further, such proceedings could divert management time and attention and consume financial resources in their defence. In addition to the foregoing, we could also be adversely affected by complaints, claims or legal actions brought by persons, before various forums such as courts, tribunals, consumer forums or sector-specific or other regulatory authorities in the ordinary course or otherwise, in relation to our products, our technology, our branding or our policies or any other acts/omissions. Further, we may be subject to legal action by our employees and/or ex-employees in relation to alleged grievances such as termination of their employment with us. There can be no assurance that such complaints or claims will not result in investigations, enquiries or legal actions by any courts, tribunals or regulatory authorities against us.

48. Our inability to make timely payment of our statutory dues could result us into paying interest on the delay in payment of statutory dues which could adversely affect our business, our results of operations and financial condition.

Set out below are details of payment of statutory dues by the Company and its Subsidiaries:

				R	estated Cons Infor	didated watten	Financis	ı				
Nature of	8	is months pe September				Fiscal :	ln24		(S. 69 (W. C)	Focal 2	023	u distributence

Total	232	65.10	65.10	NIL	206	155,89	155.89	NIL	111	64,30	64,30	NIL

Based on our restated consolidated financial information for the six months period ended September 30, 2024. Fiscal 2024 and Fiscal 2023. In Fiscal 2023, our restated consolidated financial information is from April 7, 2022, our Company's date of incorporation, and includes only 31 days of operation from February 28, 2023, after the renewable energy assets of NTPC Limited and the 100% shareholding in NTPC Renewable Energy Limited were transferred from NTPC Limited to our Company.

land and rights of way. Furthermore, the state government may exercise its rights of eminent domain, or compulsory acquisition in respect of land on which our projects are or will be located. Any of this may adversely affect our business, results of operations, financial condition and cash flows.

56. We do not own all the land on which we operate and our Jeases are subject to conditions and may not be renewed.

As of September 30, 2024, we owned approximately 8,900 acres of freehold land and approximately 15,700 acres of leasehold land relating to our projects. Our leasehold land is typically leased for 12 to 40 years. Our leasehold land may be subject to conditions under the pertinent lease agreements. Such conditions typically include restrictions on leasehold interest or rights to use the land, continual operating requirements, and other obligations which include obtaining requisite approvals, payment of necessary statutory charges. Although there have been no instances in the six months period ended September 30, 2024 and in Fiscal 2024, Fiscal 2023 and Fiscal 2022, we are exposed to the risk that one or more our leases will not be extended or will be terminated by the relevant leasors. Some of our projects are located, or will be located, on revenue land that is owned by the state governments or on land acquired or to be acquired from private parties. The timeline for transfer of fittle in the land is dependent on the type of land on which the projects are, or will be, located, and the policies of the relevant state government in which such land is located. For revenue land, we obtain a lease from the relevant government authority. In certain cases, the land leased for the development of renewable energy projects is obtained on a sub-lease. Such land may be subject to disputes on account of right of way, encroachment and other related issues.

In connection with the transfer of RE Assets from NTPC Limited to us, we have not yet received the consent of the lessor of the assignment/novation of the transfer of land pertaining to the Rojmal and Jetstar projects. Accordingly, legal formalities for transfer of and related to these projects from NTPC Limited to us is under process. For further information, see "- The acquisition of the purchased renewable energy assets is subject to certain post closing actions, which are currently in the process of being fulfilled. Any fullure to fulfill the post-closing actions may reduce the anticipated benefits of the acquisition or result in a material adverse effect on the business, results of operations, financial condition and prospects of our Company" on page 41.

57. One of our borrowing facilities is supported by a guarantee by our Promoter and may need to be refinanced if such guarantee was withdrawn for any reason.

Our borrowing facility between Japan Bank for International Cooperation and NREL is supported by a guarantee by our Corporate Promoter. This facility had Nil outstanding as at September 30, 2024. This facility may need to be refinanced if such guarantee was withdrawn for any reason.

58. Fluctuations in foreign currency exchange rates may negatively affect our cost of sales and gross margins and could result in exchange losses.

As the functional currency of the Company and our subsidiaries is the Indian rupee, our operating expenses are denominated primarily in Indian rupees. However, some of our capital expenditures, and particularly those for equipment imported from international suppliers, such as solar modules and wind turbine generators are denominated in foreign currencies, primarily U.S dollars. We expect our future capital expenditures in connection with our proposed expansion plans may include significant expenditures in foreign currencies for imported solar panels, components, equipment and machinery.

A significant fluctuation in the Indian rupee to U.S. dollar or other foreign currency exchange rates could materially and adversely affect our business, results of operations, financial condition and eash flows. The exchange rate between the Indian rupee and these currencies, primarily the U.S. dollar, has fluctuated in the past and any appreciation or depreciation of the Indian rupee against these currencies can impact our profitability and results of operations. Our results of operations have been impacted by such fluctuations in the past and may be impacted by such fluctuations in the future. For example, the Indian rupee had depreciated against the U.S. dollar in four of the last five years, which may impact our foreign currency expenditures. We have had gains and losses due to these fluctuations in foreign currency.

The table set forth below provides our foreign currency gain/(loss) for the periods indicated.

#### OBJECTS OF THE ISSUE

The Issue comprises of a fresh issue of 92.68,24,881\* Equity Shares aggregating to ₹ 100,000.00\*\* million. The proceeds of the Issue, after deducting the Issue related expenses, are estimated to be ₹ [•]\* million ("Net Proceeds"). For details, see "Issue Document Summary" and "The Issue" on pages 22 and 94, respectively.

#### Net Proceeds

The details of the Net Proceeds are summarised in the following table: [JSA Note: To be updated post finalisation]

	(< m ma(iiii)
Particulars **	Estimated Amount
Issue Proceeds	100,000.00*
(Less) Issue related expenses in relation to the Fresh Issue 111	[433.83]
Net Proceeds	

Subject to full subscription of the Issue component and finalisation of the Basis of Allotment.
If For details related to expenses to the Issue, see " - Issue Expenses" at page 130.

#### Objects of the Net Proceeds

Our Company proposes to utilise the Net Proceeds towards funding the following objects:

- Investment in our wholly owned Subsidiary, NTPC Renewable Energy Limited (NREL) for repayment/ prepayment, in full or in part of certain outstanding borrowings availed by NREL; and
- 2. General corporate purposes.

(collectively, referred to herein as the "Objects"),

In addition to the above Objects, our Company expects to receive the benefits of listing of the Equity Shares on the Stock Exchanges including enhancement of our Company's visibility, brand image and creation of a public market for our Equity Shares in India.

The main objects clause and objects incidental and ancillary to the main objects as set out in the Memorandum of Association enables our Company to undertake (i) its existing business activities, and (ii) the activities towards which the loans proposed to be repaid or pre-paid from the Net Proceeds

#### Utilisation of Net Proceeds

The Net Proceeds are proposed to be utilised in the following manner: [JSA Note: Company and BRLMs to confirm the amount to be utilised for general corporate purposes]

### VIII. Weighted average cost of acquisition, Floor Price and Cap Price

a) The price per share of our Company based on the primary/new issue of shares (equity/convertible securities)

Set out below are details of the Equity Shares issued by our Company, excluding options granted under the ESOP Scheme and issuance of bonus shares, during the 18 months preceding the date of this Prospectus, where such issuance is equal to or more that 5% of the fully diluted paid-up share capital of our Company (calculated based on the pre-Offer capital before such transaction(s)) and excluding options granted under the ESOP Scheme not vested, in a single transaction or multiple transactions, combined together over a span of rolling 30 days.

Date of allotment	Name of allottee	No. of shares	Face yatur per equity share	Price per Security	Transaction as a Ve of pre-issue capital on a fully diluted basis (pursuant to alloiment)	Reason ford Nature of allotment	Nature of consideration
March 28, 2024	NTPC Limited	1,000,000,000	10	10	21,19%	Right Issue	Cash
September 7, 2024	NTPC Limited	1,780,388,965	10	10	31,13%	Right	Cash
Total		2,780,388,965	an agus		***************************************	America .	
Weighted average of	cost of acquisition^	10.00					· · · · · · · · · · · · · · · · · · ·

<sup>^</sup> The above details have been certified by P.R. Mehra & Co., Charlered Accountants, our Statutory Auditors, pursuant to their certificate dated November 23, 2024.

b) The price per share of our Company based on the secondary sale / acquisition of shares (equity / convertible securities)

There have been no accordary sale / acquisitions of Equity Shares or any convertible securities, where the Promoters, members of the Promoter Group or Shareholders having the right to nominate director(s) on the Board of Directors of the Company are a party to the transaction [(excluding gifts)], during the 18 months preceding the date of this Prospectus, where either acquisition or sale is equal to or more than 5% of the fully diluted paid up share capital of the Company (calculated based on the pre-Issue capital before such transaction(s)), in a single transaction or multiple transactions combined together over a span of rolling 30 days.

For further details in relation to the share capital history of our Company, see "Capital Structure" on page 113.

c) Weighted average cost of acquisition, floor price and cap price

Based on the disclosures in (a) and (b) above, the weighted average cost of acquisition of the securities compared with the Ploor Price and the Cap Price is set forth below:

Property of the second	ast transactions		Weighted average cost of acquisition per Equity Share (in \$)	with Floor	with Cap
Weighted average cost o	f acquisition of primar	y issuances as set	10.00	10.20 times	10.80 times
out in (a) above			T 14		
Weighted average cost of	acquisition of secondar	ry issuances as set	NA.	NA	NA .
out in (b) above					

The above details have been certified by P.R. Mehre & Co., Chartered Accountants, our Statutory Auditors, pursuant in their certificate November 23, 2024.

Explanation for the Issue Price being 10.80 times of weighted average cost of acquisition of primary issuances /secondary transaction price of Equity Shares (as set above), along with our Company's key performance indicators and financial ratios for the six months period ended September 30, 2024, September 30, 2023 and for the Financial Years 2024, 2023 and 2022 and in view of the external factors which may have influenced the pricing of the Issue.

Experienced team in renewable energy project execution and procurement as well as operating and maintenance

We are the renewable energy arm and subsidiary of NTPC Limited, and we along with the NTPC Group have a strong track record of developing, constructing and operating renewable power projects, driven by our experienced in-house management and procurement teams. As of September 30, 2024, we are in the process of constructing projects in 6 states consisting of 13,576 MWs, contracted and awarded. For details of our projects, see "-Our Projects" on page 213.

The table below sets forth additions to our megawatts operating, contracted and awarded as of the dates indicated. All our capacity additions have been through organic growth rather than acquisition.

Additions to megawatts	Company Ope	rating Data	Carved-out Oper	rating Data (1)
operating	Six months period ended September 30, 2024	Fiscal 2024	Fiscal 2023	Fiscal 2022
MW Operating				
Solar (MWs)	395	264	1,166	375
Wind (MWs)	0.1	50	0	()
Total MW operating additions in period/year	395	314	1,166	375
MW Contracted and Awarded				
Solar (MWs)	1,005	3,821	1,134	2,155
Wind (MWs)	1,000	1,500	350	150
Total MW contracted and awarded additions in period/year	2,005	5,321	1,484	2,305
Total MW operating, contracted and awarded additions in period/year	2,400	5,635	2,650	2,680

Our Carved-out Operating Data is based on the carved-out consolidated operating data pertaining to RE Assets of NTPC Limited.

NREL and our Company for Fiscal 2023 and Fiscal 2022. This Carved-out Operating Data is not our operating data under the leadership of our current management and board. See "Risk Factors - Our Special Purpose Carved-Out Combined Financial Statements and Carved-out Operating Data may not be representative of our results at an independent company," on page 38.

We believe that we along with the NTPC Group have strong inhouse experience in renewable energy project execution and procurement. Our in-house team, working with third-party aggregators, developers, and EPC contractors, manages the land acquisition process. Our power projects are located primarily on land leased from state governments and third parties and freehold land purchased by us from private individuals and entities. As of September 30, 2024, we owned approximately 8,900 peres of freehold land and approximately 45,700 peres of leasehold land relating to our projects. For more information, see "- Properties" on page 234.

The availability of transmission infrastructure for interconnection to common grid is critical for project's viability. We evaluate the power evacuation capacity available at nearby inter-state/intra state substations using our inhouse expertise and publicly available documents. Our project commissioning timelines are generally aligned with respect to the substations' readiness for evacuation of power. The overall process involves submitting various applications to relevant statutory bodies and independent system operators for securing grid connection approvals, installation of transmission lines including arrangement of a right of way. We benefit from the long-term experience of the NTPC Group in connecting its projects to the grid.

For solar energy projects, construction includes design, engineering, procurement, structure, module and inverter installations, substation construction, interconnection work, and the balance of plant construction. In solar projects, we have diversified our strategy for setting up power plants from using turnkey engineering, procurement, and construction ("EPC") contract model (where the contractor is responsible from concept through commissioning) to a model where we take responsibility for procurement of major equipment and supplies and the contractor builds, commissions and hands over the solar plant. We also use the turnkey EPC contract model based on specific project conditions.

Particulars	Six months period ended September 30, 2024	Fiscal 2024	Fiscal 2023	Fiscal 2022 (2)
Capacity of bids auctioned (in MW)(1)	I WA	49,000	12,000	18.000
Capacity of bids participated in (in MW)	6,350	21,325	5,250	10.735
Quoted capacity (in MW)	1,770	8;900	2,255	6,090
Capacity for which our bids/tenders won (in MW)	400	3,455	1,190	3,265
Percentage of bids won against capacity of total bids quoted (Bid Success Ratio)	22.60%	38.82%	52.77%	53.61%

Solar and wind project auctioned by control and state governments in the period. (Source: CRISIL Report, Nevember 2024).

Our Company was incorporated on April 7, 2022, and, in Fiscal 2023, we had only 3 days of operation from February 28, 2023 after assets were transferred from NTPC Limited to our Company. Bidesenders made in Fiscal 2023 and Fiscal 2022 were made by the NTPC Group.

Our Capacity under Pipeline represents our future development opportunities with other PSUs and private companies with whom we have signed MOUs or term sheets. We have signed joint venture agreements with Rajasthan Rajya Vidyut Utpadan Nigam Limited (RRVUNL), Mahatma Phule Renewable Energy & Infrastructure Technology Limited MAHAPREIT), Damodar Valley Corporation (DVC) and two other PSUs and have signed MOUs or term sheets with other private corporates. For more information, see "Our Projects—Pipeline and Joint Venture" on page 219. In addition, we are considered a partner of choice by PSUs for fulfillment their renewable energy development goals. Accordingly, we will look at growth opportunities with PSUs as well as private corporates. We believe that our ability to deliver comprehensive renewable energy solutions to PSU and corporate customers will enable us to capture a greater share of this fast-growing market.

Further, on strategic basis, we will continue to evaluate accretive acquisition opportunities based on our targeted returns, available synergies and offtaker criteria.

#### Focus on projects in new energy solutions like green hydrogen, green chemicals and storage

We are investing in hydrogen, green-chemical and battery storage capabilities and solutions as well as associated technologies. Our current initiatives in green hydrogen and green chemicals include the development of a green hydrogen hub at Pudimadaka and finalizing a tie-up for electrolysers. In the area of battery storage, we intend to install the Grid scale battery storage as part of Firm and Dispatchable Renewable Energy (FDRE)/Round-the-Clock (RTC) projects to complement the solar and wind power in addition to participate in standalone Grid scale battery energy storage system service tenders in the market for various DISCOMS or Grid balancing. Further, we are in process to install Battery Energy Storage at a NTPC Thermal plant to smooth the flexibilization on pilot basis.

According to CRISIL Research, Battery Energy Storage Systems (BESS) is another form of storage technology which has gained traction in the last few years. It has a very high energy density, making it appropriate to offer ancillary services. More importantly, BESS can be installed easily, requires less time for setup, and can be used for a wide range of grid support activities, such as energy time shift, distribution deferral, and energy arbitrage. (Source: CRISIL Report, November 2024). In that regard, a recent report by the CEA suggests that India will require at least 41.7 GW/208 GWh of battery energy storage systems and 18.9 GW of pumped storage of hydroelectricity by Fiscal 2030.

We are undertaking various initiatives that fall under Article 6.2 of Paris Agreement including investing in green hydrogen, green chemicals and battery storage capabilities and solutions as well as associated technologies.

#### Our current initiatives include:

- Developing battery storage and round-the-clock renewable energy projects;
- Developing green hydrogen hub at Pudimadaka;
- Finalising a tie-up for electrolysers;
- Other projects including a renewable energy park in Maharashtra and green hydrogen production in Rajasthan.

All our engineering and business processes are digitized to ensure uninterrupted anytime and anywhere secure access from planning, concept to commissioning enterprise operations.

#### Information security and disaster recovery

Information security is one of the key focus areas. All our enterprise, business process, and production data are secured and in compliance to cyber secured guidelines from applicable statutory bodies. All the endpoints are secured through Gateway security equipment and updated in real time for latest signatures.

All our systems are disaster recovery ready with data centres located at Noida and Hyderabad. Our data centres are designed on Tier III principles and help us to ensure and provide seamless, uninterrupted, zero data loss business operations.

For information on the risk to our IT systems, see "Risk Factors - Failure or disruption of our IT systems may adversely affect our business, results of operations and financial condition" on page 81.

#### Insurance

We maintain insurance coverage that we consider necessary for our business. We have a standard fire and allied perils insurance policy for all our operating stations and all risk erection insurance policy through the contractors for our projects. Insurance against theft, robbery, workmen compensation and general liability insurance are being taken by our O&M contractors in the operating stations. We have not taken insurance to protect against all risk and liabilities. For example, we do not have loss of business income policy

The Company was incorporated on April 7, 2022. Insurance coverage as at March 31, 2023 was obtained by NTPC Limited for its assets including us.

Particulars	As at September 30, 2024	As at March 31, 2024
Insured Assets (* million)	1,39,067.50	117,336.50
Insured Assets as % of fixed assets (gross block less land cost)	85.16%	79.43%
Insured Assets as % of total assets	72.75% a.	66.68%

For further information, see "Risk Factors — We may not have sufficient insurance coverage to cover our economic losses as well as certain other risks, not covered in our insurance policies, which could adversely affect business, results of operations and financial condition" on page 78.

We believe that our insurance coverage is in accordance with renewable power industry custom, including the terms of and the scope of the coverage provided by such insurance. However, our policies are subject to standard limitations, including with respect to the maximum amount that can be claimed. Therefore, insurance might not necessarily cover all losses incurred by us and we cannot provide any assurance that we will not incur losses or suffer claims beyond the limits of, or outside the relevant coverage of, our insurance policies.

#### Human Resources:

We place importance on developing our human resources. As of September 30, 2024, our workforce comprised 232 employees, and we utilised the services of 45 pontract labourers. Combinations of full-time employees on secondment basis from NTPC Limited and contract personnel gives us flexibility to run our business and projects efficiently.

All our employees are on secondment from NTPC Limited. Pay allowances, perquisites and other benefits of the employees are governed by the terms and conditions as per the policy of NTPC Limited. As per the policy amount equivalent to a fixed percentage of basic and DA of the seconded employees is payable by us for employee

superannuation benefits such as provident fund, pension, gratuity, post-retirement medical facilities, compensated absences, long service award, economic rehabilitation scheme and other terminal benefits to NTPC Limited.

The table below sets forth the number of our employees as of September 30, 2024:

Departma	nts/Ti	cams							r of emp mber 30.

Our Company was incorporated on April 7, 2022.

We offer formal and informal training as well as on-the-job learning.

#### Competition

We believe that we do not face significant competition for our operational projects as most of the capacity under our projects is contracted to counterparties under long-term, fixed-tariff PPAs with limited termination rights and a minimum guaranteed volume. If we develop and/or acquire new projects in the future, in accordance with our strategy, we may compete in the development and acquisition of new projects, as well as in the sale of electricity. We may face competition to acquire new projects at the development stage through bids for long-term PPAs in central and state power auctions.

Our primary competitors may include domestic and foreign companies which may have different levels of financial, operational, marketing, personnel and other resources than us. We may compete with other developers based on a number of factors, including the sourcing of solar or wind energy projects, reputation and track record, relationship with government authorities, access to capital and control over quality, access to project land, efficiency and reliability in project development.

We may also compete with both traditional and renewable energy companies for the financing needed to develop and construct projects and for refinancing needs. In addition, we may compete with other traditional and renewable energy companies in India for a limited pool of personnel with requisite industry knowledge and experience.

Competitive conditions may be substantially affected by various forms of energy legislation and regulations. Such laws and regulations may substantially increase the costs of acquiring, constructing and operating projects. If we were to be in competition with others in the future, we believe that we will have advantages over our competitors with the NTPC Group's substantial infrastructure and energy sector experience. See, "Risk Factors - We face significant competition from both traditional and renewable energy companies and any failure to respond to

market changes in the renewable energy industry could adversely affect our business, financial conditions and results of operations" on page 44.

For further information, see "Industry Overview" on page 151.

#### Intellectual Property Rights

The "NTPC" trademark, name and logo do not belong to us, which is registered in the name of our Corporate Promoter with the trademark registry. We do not have a formal agreement with, or pay, our Corporate Promoter for the use of the "NTPC" trademark, name or logo.

We have acquired and developed and continue to acquire and develop knowledge and expertise, or know-how, and trade secrets in our businesses, including know-how and trade secrets related to proprietary technologies and know-how and trade secrets in our businesses may not be patentable, however, they are valuable and include information that includes, without limitation, financial, business, scientific, technical, economic and engineering information, formulas, designs, methods, techniques, processes and procedures.

See "Risk Factors — We do not own the "NTPC" trademark, name or logo, and our logo and name have not been registered as trademarks. Accordingly, our ability to use our name or logo may be impaired. We also rely on a combination of trade secret and contractual restrictions to protect our intellectual property. If we are unable to protect our intellectual property rights, our business, results of operations and financial condition may be adversely affected. As part of our operations, we might infringe upon the intellectual property rights of others and any misappropriation of our intellectual property could harm our competitive position." on page 73.

#### Properties

Our registered office is located at NTPC Bhawan, Core-7, SCOPE Complex 7 Institutional Area, Lodi Road. New Delhi-110 003. Delhi, India, Our corporate office is located at NTPC Renewables Complex E-3, Ecotech-II, Udyog Vihar, Greater Noida Gautam Buddha Nagar, Uttar Pradesh, 201306 India, Our corporate office is on lease for a term of two years until March 31, 2025.

Our power projects are located primarily on land leased from state governments and third parties and freehold land purchased by us from private individuals and entiries. As of September 30, 2024, we owned approximately [8,900] deres of freehold land and approximately [45,700] heres of leasehold land relating to our projects. Our leasehold land is typically leased for 12 to 40 years. We believe that our facilities are in good condition and generally suitable and adequate for our facets in the foreseeable future. However, we will continue to seek additional space as needed to satisfy our growth.

The following table sets forth the details of our real property associated with our projects as of September 30, 2024

Project Name	Project Location	Owned/ Leased (Expiration)

#### Lock-out and strikes

As on the date of this Prospectus, there have been no lock-outs or strikes at any time since incorporation of our Company.

### Launch of key products or services, entry into new geographics or exit from existing markets

For details of key products or services launched by our Company, entry into new geographies or exit from existing markets, see "Our Business" on page 195.

### Significant financial and strategic partners

As on the date of this Prospectus, our Company does not have any significant financial or strategic partners.

#### Material clauses of the Articles of Association

All material clauses of our Articles of Association having a bearing on the Issue have been disclosed in this Prospectus. For details, please see "Description of Equity Shares and Terms of Articles of Association".

Details regarding material acquisitions or divestments of business/undertakings, mergers, amalgamation, any revaluation of assets, etc. since incorporation of our Company

Except as stated below, our Company has not made any material acquisitions or divestments of any business or undertaking, and has not undertaken any material merger, amalgamation or any revaluation of assets since its incorporation.

## Business transfer agreement dated July 8, 2022 entered into between our Company and our Corporate Promoter, NTPC Limited (the "BTA")

Our Company entered into a business transfer agreement dated July 8, 2022, with our Corporate Promoter, NTPC Limited ("NTPC"), pursuant to which NTPC, in accordance with a scheme dated March 8, 2022, approved by the Ministry of Power for the asset monetization of its renewable energy (RE) portfolio ("Asset Monetization Scheme"), transferred the right, title and interest in 15 renewable asset projects to our Company, on a going concern basis ("Purchased RE Assets") free and clear of all encumbrances other than the permitted encumbrances (as defined in the BT4).

The Purchased RE Assets under the BTA included *inter-alia* all contracts/documents, plant and equipment and permits held by NTPC in relation to such assets, except for certain—assets and liabilities, which were specifically excluded per the terms of the BTA such as the free hold land pertaining to Bilhaur Solar Project, employee related balances and tax related balances. The Purchased RE Assets were transferred as at the closing date of transfer, i.e. 28 February 2023, at an aggregate consideration of ₹ 120,105.50 million. The purchase price was determined basis the special purpose interim condensed curve-out statement of assets and liabilities of the Purchased RE Assets, prepared as of February 28, 2023, which was subject to limited review by Varma & Varma, Chartered Accountants, one of the joint statutory Auditors of NTPC for Fiscal 2023.

## Share purchase agreement dated July 8, 2022 entered into between our Company and our Corporate Promoter, NTPC Limited (SPA)

Pursuant to the SPA, NTPC, along with its nominee shareholders (collectively referred to as the "Sellers"), transferred 100% of its equity shareholding in NTPC Renewable Energy Limited, comprising 1,094,464,035 Equity Shares of ₹10 each held by the Sellers (collectively referred to as the "Sale Shares"), to our Company and its nominee shareholders (collectively referred to as the "Buyers") under the Asset Monetization Scheme. The total consideration for the transfer of the Sale Shares was ₹ 10,944.64 million which was settled in cash. This transfer was made with the aim of consolidating NTPC's renewable energy business within our company and thereby facilitating the efficient and effective monetization of its renewable energy assets.

The board of NTPC had previously approved an equity infusion of \$50,000 million in NTPC Renewable Energy Limited. Pursuant to the transfer of the Sale Shares, duly completed on February 28, 2023, our Company has undertaken to fulfil the pending equity commitment of NTPC.

Share purchase agreement dated November 21, 2023 entered into between our Company and our Subsidiary, NTPC Renewable Energy Limited (NREL), Green Valley Renewable Energy Limited and Damodar Valley Corporation (SPA)

NREL and Damodar Valley Corporation (DVC) executed a joint venture agreement dated March 29, 2022 ("JVA") to incorporate Green Valley Renewable Energy Limited, as a subsidiary of NREL in a joint venture with DVC, with equity shareholding held in the ratio of 51:49 by NREL and DVC, respectively. Pursuant to the SPA and the permissible terms and conditions prescribed in the IVA, NREL, transferred its entire equity shareholding in GVREL, which comprised of 51,000 equity shares of \$10 each to our Company, for an aggregate consideration of \$\overline{R}\$ 0.51 million—intirely payable through each.

Joint venture agreement dated March 20, 2023 executed between our Company and Indian Oil Corporation Limited ("INGEL JV Agreement")

Our Company and Indian Oil Corporation Limited (IndianOil), pursuant to the INGEL JV Agreement, incorporated a company "IndianOil NTPC Green-Energy Private Limited" (INGEL) for the purpose of developing grid connected and/or off-grid renewable energy-based power projects. Per the terms of the INGEL JV Agreement, our Company and IndianOil hold 50% of the issued, subscribed and paid-up equity capital of INGEL and each of the shareholders of our Company and IndianOil have the right to nominate one-half of the board of INGEL.

The INGEL IV Agreement contains certain other provisions in relation to the functioning of INGEL, including, among other things, its nature of business, conduct of board and shareholders' meetings and appointment of key managerial personnel. Our Company and IndianOil have agreed to not sell, transfer, assign or create any encumbrances over the equity shares held by them for a period of five years from the date of incorporation of INGEL, except in certain circumstances permitted under the INGEL JV Agreement. Our Company and IndianOil also have certain other rights with respect to their shareholding in INGEL, such as the right of first offer, right of first refusal, put and call options. Further, INGEL is governed by a non-compete clause specified in the INGEL JV Agreement, which prevents it from competing with our Company and IndianOil in their respective business areas without prior consent. Accordingly, our Company and IndianOil have also agreed to a non-solicitation obligation wherein they have agreed to not recruit or hire employees from any other party to the agreement, as per the terms prescribed in the INGEL JV Agreement.

#### Details of shareholders' agreements and other key agreements

Our Company has not entered into a shareholders' agreement or any other subsisting material agreement, other than in the ordinary course of business.

There are no other inter-agreements/arrangements and clauses / covenants, to which our Company or our Promoters or Shareholders are a party, which are material and which need to be disclosed in this Prospectus or non-disclosure of which may have bearing on the investment decision in connection with the Issue. There are no other clauses / covenants which are adverse / pre-judicial to the interest of the minority/public shareholders of our Company. Further, there are no other agreements, deed of assignments, shareholder agreements, inter-se agreements or agreements of like nature.

#### Key terms of other subsisting material agreements

Except as disclosed "Our Business" on page 195, our Company has not entered into any subsisting material agreements with strategic partners, joint venture partners and/or financial partners other than in the ordinary course of business of our Company.

Agreements with Key Managerial Personnel, Senior Managerial Personnel, Directors, Promoter or any other employee

As on the date of this Prospectus, there are no agreements entered into by a Key Managerial Personnel or a Senior Managerial Personnel or Director or Promoter or any other employee of our Company, either by themselves or on behalf of any other person, with any shareholder or any other third-party with regard to compensation or profit sharing in connection with dealings in the securities of our Company.

NREL, a public limited company, was incorporated on October 7, 2020, under the Companies Act, 2013. It was subsequently acquired by our Company on February 28, 2023 pursuant to the share purchase agreement dated July 8, 2022. The CIN of NREL is U40107DL2020GOI371032 and its registered office is situated at NTPC Bhawan, Core -7, SCOPE Complex, 7 Institutional Area, Lodi Road, New Delhi-110 003, Delhi, India.

#### Nature of Business

On August 20, 2019, the result of bidding process under Tranche-I was declared by Respondent No. I and NTPC was successfully allocated 769 MW out of 2000 MW under Tranche-I. On November 8, 2019, result of bidding process under Tranche-II was declared by Respondent No. 1, NTPC was successfully allocated 923 MW out of 1500 MW under Tranche-II. Consequentially, NTPC entered into several Power Usage Agreements ("PUAs") with Respondent No.1 & 2 for sale of Solar Photovoltaic Power by the Petitioner to the Respondent No. 1 and 2 and was setting up 1692 MW Solar PV Power station at various locations for onwards sale of power to the Respondents under the MNRE CPSU Scheme dated March 5, 2019. Due to Covid-19 pandemic, the supplies and site progress were severely affected. Considering the sever pandemic situation, MNRE has also issued OMs dated August 13, 2020, and June 29, 2021, allowing time extension of 5 months and 76 days respectively for RE projects.

MNRE vide its OM dated June 2, 2021, has given further time extension of 6 months due to temporary shortage of domestically manufactured solar PV cells. Further, due to supply chain disruption, MNRE vide its letter dated December 27, 2022, further extended the scheduled commissioning date up to September 30, 2024. Accordingly, SECI granted time extension in Schedule Commissioning Date. Our Company had filed Petition (174/AT/2021) under Section 63 of the Electricity Act, 2003 for adoption of usage charges for 1692 MW solar photovoltaic power projects (Tranche-I & II) connected to inter-State Transmission System ("ISTS"). Commission deemed it fit to adopt the ceiling. Hon'ble Commission vide its order dated December 13, 2021, in petition no.174/AT/2021 decided upon usage charge of ₹3.50/k Wh-under Section 63 of the Act in respect of 1692 MW capacity under Tranche-I and Tranche-II in respect of the Petitioner.

At the time of signing of PUA, the Basic Custom Duty ("BCD") applicable on the solar inverters was at the rate of 5%. However, the Ministry of Finance, Government of India, vide Notification No. D.O.F. No. 334/02/2020-TRU dated February 1, 2020, increased the rate of BCD from the earlier rate of 5% to 20% and, additionally, at the time of signing of PUA, GST at the rate of 5% was levied (i.e., 2.5% of CGST and 2.5% of SGST) on renewable energy devices and parts. However, the Ministry of Finance. Government of India, vide Notification No.8/2021-Integrated Tax (Rate) dated September 30, 2021, increased the GST rates for renewable energy devices and parts from the earlier rate of 5% to 12%.

In light of the foregoing and as provided under the PUA, our Company on July 19, 2022, issued a change in law notice to the Respondents to highlighting the aforesaid Change in Law event and requesting it to compensate the Petitioner, amount of 17,849.30 million (approximately) upwards on the total cost of project, on account of such change in law event. Further, NTPC has sent reminder letter to the Respondent No.4-3 on November 4, 2022, and notice for filing a petition for a relief under change in law on November 16, 2022. The Petitioner, through the petition is thus, seeking a declaration that change in the applicable GST rate on September 30, 2021, brought about by the Ministry of Finance, Government of India's Notification No.8/2021-Integrated Tax (Rate) dated September 30, 2021 amounts to Change in Law event in terms of the PUA; a declaration that change in the applicable rate of BCD brought about by the Ministry of Finance, Government of India's Notification D.O.F. No.334/02/2020-TRU dated February 1, 2020 amounts to Change in Law event in terms of the PUA; compensation to restitute the Petitioner to the same economic position, as if the aforesaid Change in Law events had not taken place. A reply on behalf of the Respondents was filed on January 3, 2024. A Rejoinder was then filed by the Petitioner on January 17, 2024. The matter is currently pending.

Our Company has filed a petition bearing no. 319/MP/2023 dated August 4, 2023 before the Hon'ble Central Electricity Regulatory Commission. New Delhi ("Commission" or "CERC") against the Power Grid Corporation of India Limited ("Respondent No.1") and four other parties (collectively "Respondents") under section 79 (1)(a), (c) & (f) of the Electricity Act, 2003 read with regulation 13(8) of the CERC (Sharing of Interstate Transmission Charges and Losses) Regulations, 2020 and Regulation 11 of the CERC (Deviation Settlement Mechanism and Related Matters) Regulations, 2022. Our Company won 1692 MW Solar PV projects under the Central Public Sector Undertaking Scheme ("CPSU Scheme") Phase-II Tranche-I & II and accordingly signed Power Usage Agreements ("PUAs")

& BSE had imposed fine of ₹11,800/- each respectively in respect of non-compliance of Regulation 29 of SEBI Listing Regulations. Fine of ₹11,800/- was paid to NSE, however, request for waiver is pending

- NSE had imposed fine of ₹70,000/- under Para. 8.4 of Chapter XVII of SEBI operational circular for delay in certificate of confirming fulfilment of payment obligation. However, penalty was waived vide
- In addition to above, demat account of NTPC Limited was frozen by stock exchanges, in September 2022 3. due to noncompliance of provisions of SEBI Listing Regulations by PTC (India) Limited.
